Prepared 8 November 2026 · every figure is computed from the rotas

# New CEA link proposals — at a glance

All 25 proposals against today's link — the three shortlisted ones marked ★, and the thirteen where 14 days' leave buys 30 days off, as today, marked so — sorted by December rules met, then avoidable fatigue warnings, then by name; a proposal that breaks a hard limit cannot be run as it stands and comes last. Staffing levels and Sunday cover confirmed verbally (29 September 2026); the 26-line link, 5 cover weeks and a ceiling of 219 contracted days a year set on 1 October 2026.

| PROPOSAL · CODE | DECEMBER RULES MET | AVOIDABLE FATIGUE WARNINGS§ | MOST DAYS IN A ROW§ | FULL WEEKENDS OFF | SHORTEST REST BETWEEN SHIFTS§ | SHIFT TIMES | DAYS A YEAR* | HEAVIEST WEEK, MON–SAT | WEEKS ON ONE SHIFT TIME, ALL EARLIES OR ALL LATES | WEEKS MIXING EARLIES AND LATES | WEEK-TO-WEEK CHANGE OF START | FINISHES 23:00+ A YEAR† |

* Monday to Saturday, with a cover week counted as 4 days (Sundays are overtime and left out). † Each person, on average across the whole link, Sundays included; cover-week duties are not known yet and are left out. "Shift times" counts different start–finish times; "new" means nobody works that time today.

"Weeks on one shift time" means one shift time Monday to Friday, all earlies or all lates; beneath it, the longest block of weeks in a row on one kind, "up to" if the cover weeks beside it go the same way. The week-to-week change is the average move of the start time from one week to the next.

§ On the duties the rota fixes, the cover weeks left out for the proposal and today alike; "up to" is the worst place a cover week's four duties could fall, its Sunday worked as overtime — for the 55-hour week, as 8-hour duties. Avoidable fatigue warnings come from the ORR's good-practice list plus rail-industry checks, leaving out the two that come with the station and the link — the 06:20 open and a weekly rotation — and are reported, never pass or fail.

Full detail for each proposal is in its own eight-page sheet; the rules themselves are in links-26-rules.pdf.
