

Familiar Nine

Our December 2026 link — what changes for you, in plain English

A proposal for discussion · CEA link · 24 weeks · code F9-24-K31s

The short version

Five things to take away if you remember nothing else

35h

**the same
contracted
week**

no extra
contracted hours

6

**most days in a
row**

today 7, up to 9

6 in 24

**full weekends
off**

one in four, not
one in five

8 of 16

**shift times you
already work**

8 new ones

30 min

**shorter on
every closing
shift**

45 min on a
Sunday

Same hours, shorter closing shifts, more full weekends off — and half the times already familiar.

Why the link has to change

Nobody is changing it for the sake of it

A new timetable in December 2026

More trains, at new times — the link has to follow them.

More of us on the link

It grows from 20 weeks to 24, so four more colleagues join it.

New staffing levels

At least 10 on a Sunday, and more at the open and the close. We also aim for 14 on a Saturday.

The ticket office in fixed pairs

Two early and two late, on the same shifts, every day.

Will I work more?

The first thing everyone asks

	Today	Familiar Nine
Contracted hours a week	35h	35h
Contracted days at work a week	4.2	4.17
Contracted days at work a year	219	217

No. Exactly the same 35-hour week — and about 2 fewer contracted days a year.

Will my basic pay change?

Basic pay follows your contracted hours

	Today	Familiar Nine
Contracted hours a week	35h	35h
Saturdays a year, at time and a quarter	26	30
Sunday overtime to share — each, a year	21	22

No. The same 35-hour week — plus about four more Saturdays at time and a quarter.

Will my shifts be longer?

Every closing shift gets shorter — the average goes up six minutes

	Today	Familiar Nine
Weekday closer — starts 15:45, not 15:15	8h 40m	8h 10m
Saturday closer — starts 15:15, not 14:45	9h 10m	8h 40m
Sunday closer — starts 15:15, not 14:30	8h 55m	8h 10m
Longest shift anywhere	9h 10m	9h 00m
Average shift	8h 14m	8h 20m

Every closing shift is 30 to 45 minutes shorter, and nothing runs over 9 hours.

Will I finish late more often?

Yes — about one extra late finish every two or three weeks

	Today	Familiar Nine
Finishing at 23:00 or later — each, a year	39	59
Finishing at 22:00 or later — each, a year	78	91
Starting at 06:20 — each, a year	62	65
Shortest gap between two shifts	12h 30m	14h 20m

More late finishes, only partly from the December rules — but every closing shift is shorter.

Will I know the times?

16 shift times in all — 8 of them you already work

You work these today (8)

- 06:20–13:35 · 06:20–14:20
- 06:20–14:50 · 13:30–21:00
- 14:00–22:30 · 14:30–22:00
- 14:30–23:25 · 15:15–23:55

New times (8)

Weekdays

- 07:00–16:00 — a new early
- 15:45–23:55 — the closer, 30 minutes later than 15:15

Saturday

- 06:20–15:00 — ten minutes on from 06:20–14:50
- 07:30–16:30 — a new early

Sunday

- 07:15–15:30 — the opener, 15 minutes shorter
- 15:15–23:25 — the closer, 45 minutes later than 14:30
- 09:00–18:00 — a new early, 9 hours
- 14:30–22:30 — the ticket-office late

Fewer shift times than today (16, not 18) — and most new ones are a small nudge.

Rest and weekends

The biggest improvement over today

	Today	Familiar Nine
Full weekends off	4 in 20	6 in 24
Most days worked in a row	7 (up to 9)	6
Rest-day breaks of two days or more	13 of 17	22 of 24
Shortest gap between two shifts	12h 30m	14h 20m
Weeks on one turn, Monday to Friday	7 of 16	14 of 20

A weekend off one week in four, never more than six days on, and more rest.

Earlies, lates and Sundays

The balance you have now stays the same

Half earlies, half lates

The same split as today: every early Monday to Saturday is matched by a late.

Sundays are still overtime

Not part of the contract, same as now — and about the same number of Sundays as today.

Nobody past 23:25 on a Sunday

The Sunday finish stays where it is. That is agreed practice (settled 28 Sep 2026).

No shift in the balance of earlies and lates. Sundays stay overtime and still finish at 23:25.

Booking leave

What 14 days of annual leave buys you, with Sundays off

	Today	Familiar Nine
Days off in a row — best place to book	30	28
Days off in a row — on average	23.4	23.6
Days off in a row — worst place	19	20
Leave needed for four full weeks off, at best	14	15

About the same. A cover week still counts as at most 4 days of leave, as now.

More staff on the floor

More people rostered every day, at the open and the close

	Today	Familiar Nine
On duty on a weekday	11–12	14
On duty on a Saturday / Sunday	10 / 8	14 / 10
Fewest rostered on the floor	2	3
Avoidable fatigue warnings in the fixed rota	4 (up to 5)	0

At least three rostered on the floor, and no avoidable fatigue warnings in the fixed rota.

The honest trade-offs

Nothing is free — here is what it costs

Eight new shift times to learn

Most are within 10–30 minutes of a time we already work.

Shifts 6 minutes longer on average

That is what buys two fewer contracted days.

Best leave stretch: 28 days, not 30

Average and worst: about the same as today.

Four cover weeks remain

Evenly spaced — every sixth week (1, 7, 13, 19).

More late finishes

About 59 a year each at 23:00 or later on the fixed rota, against 39 today.

Still a proposal

Your views count before a link is chosen, and who goes on which line is not decided.
