MARYLEBONE ROSTER · LINKS DESIGNER · BESIDE THE SHORTLIST

The other twenty-one designs

What each has, and what it pays, beside Balanced V6, Level Crossing and Middle Ground

Prepared 8 November 2026 · every figure is computed from the rotas

Beside the three, each design here has something and pays for it; each meets every December staffing rule and has its own sheet. All but Second Look and Balanced V5 put closing weeks side by side, which the three keep apart, cover weeks aside.
