Our December 2026 link — what changes for you, in plain English

A proposal for discussion · CEA link · 26 weeks · code SE-26-F1

The short version

Five things to take away if you remember nothing else

35h	6	14	9 of 15	30 min
the contracted week, as now	**most days in a row**	**full weekends off a year**	**shift times you already work**	**off every closing shift**
no extra hours	today 7, up to 9	today 10 · 7 in 26	6 new ones	Sundays: 45 min

Same hours, shorter closers, weekends off never more than five weeks apart, and the same shift time most weeks.

Why the link has to change

Nobody is changing it for the sake of it

A new timetable in December 2026

More trains, at new times — the link has to follow them.

More of us on the link

It grows from 20 weeks to 26, so six more colleagues join it.

New staffing levels

At least 10 on a Sunday, and more at the open and the close. We also aim for 14 on a Saturday.

The ticket office in fixed pairs

Two early and two late, on the same shifts, every day.

The change is coming whatever we do — the question is which version we want.

Will I work more?

The first thing everyone asks

	Today	Second Edition
Contracted hours a week	35h	**35h**
Contracted days at work a week	4.20	**4.19**
Contracted days at work a year	219.0	**218.6**

No. The same 35-hour week on average and no more days; weeks run from 25h 30m to 42h 00m (today 25h 10m to 43h 50m), and two more of the days fall on a Saturday.

Will my basic pay change?

Basic pay follows your contracted hours

	Today	Second Edition
Contracted hours a week	35h	**35h**
Saturdays a year, at time and a quarter	26	**28**
Sunday overtime to share — each, a year	21	**20**

No. The same 35-hour week — plus about two more Saturdays at time and a quarter.

Will my shifts be longer?

Every closing shift gets shorter — the average goes up about two minutes

	Today	Second Edition
Weekday closer — starts 15:45, not 15:15	8h 40m	**8h 10m**
Saturday closer — starts 15:15, not 14:45	9h 10m	**8h 40m**
Sunday closer — starts 15:15, not 14:30	8h 55m	**8h 10m**
Longest shift anywhere	9h 10m	**9h 00m**
Average shift	8h 14m	**8h 16m**

Every closing shift is 30 to 45 minutes shorter; the longest early turn goes from 8h 30m to 9h 00m, and nothing runs over 9 hours.

Will I finish late more often?

3 more a year after 23:00 (42, today 39); 16 more at 22:00 or later (94, today 78)

	Today	Second Edition
Finishing at 23:00 or later — each, a year	39	**42**
Finishing at 22:00 or later — each, a year	78	**94**
Starting at 06:20 — each, a year	62	**60**
Shortest gap between two shifts	12h 30m	**14h 20m**

More people stay on after 22:00 under the December staffing; the three more after 23:00 are the fewest the rules allow.

Will I know the times?

15 shift times in all — 9 of them you already work

You work these today (9)

- 15:15–23:55

New times (6)

Weekdays

- 15:00–22:30 — a new late, ending with the ticket office

Saturday

- nothing new — every Saturday time is worked today

Sunday

- 15:15–23:25 — the closer, 45 minutes later than 14:30
- 09:00–18:00 — a new early, 9 hours
- 14:30–22:30 — the ticket-office late

Fewer shift times than today (15, not 18) — and nothing new on a Saturday.

Rest and weekends

The biggest improvement over today

	Today	Second Edition
Full weekends off, about a year	10	**14**
Most days worked in a row	7 (up to 9)	**6**
Rest-day breaks of two days or more	13 of 17	**22 of 26**
Shortest gap between two shifts	12h 30m	**14h 20m**
Weeks on one turn, no early–late switch	7 of 16	**18 of 21**

14 full weekends off a year, at most five weeks apart, and one shift time in 18 of 21 weeks.

Your 26 weeks at a glance

The green bars are the full weekends off; where you start is decided later

14 full weekends off a year, at most five weeks apart; blocks of earlies or lates up to 5 weeks, 7 if the cover weeks go the same way.

Booking leave

What 14 days of annual leave buys you, with Sundays off

	Today	Second Edition
Days off in a row — best place to book	30	**28**
Days off in a row — on average	23.4	**23.4**
Days off in a row — worst place	19	**20**
Leave for four full weeks off, at best	14	**15**

Best stretch 28 days, not 30; four full weeks off, Sunday to Saturday, costs 15 days' leave, not 14. Average the same, worst a day better.

More staff on the floor

More people rostered every day, and more at the open and the close on most days

	Today	Second Edition
On duty on a weekday	11–12	**15**
On duty on a Saturday / Sunday	10 / 8	**14 / 10**
Fewest rostered on the floor	2	**3**
Avoidable fatigue warnings in the fixed rota	4 (up to 5)	**0**

At least three rostered on the floor, and no avoidable fatigue warnings in the fixed rota.

The honest trade-offs

Nothing is free — here is what it costs

Six new shift times to learn

Several of them are shorter versions of the lates you already work today.

Shifts about 2 minutes longer on average

That is what keeps days at work to 219 a year or fewer on the same 35 hours.

Four weeks off: 15 days' leave, not 14

The least leave for four complete weeks off, Sunday to Saturday.

Two more Saturdays a year

28 a year each, today 26 — fourteen on a Saturday, shared across 26 lines.

A few more late finishes

42 a year each at 23:00 or later (today 39) — the rules' minimum.

Still a proposal

Your views count before a link is chosen, and who goes on which line is not decided.

None of these is hidden: each one is on the full proposal sheet too.
